Drink This to Help Undo a Heavy Meal

When you overdo it and down a day's calories in one sitting, your body's inflammatory processes go into overdrive. But here's a way you might counter it: Drink orange juice.

In a recent study, people who had eaten a supersized fast-food breakfast experienced a much milder inflammatory response in their bodies when they drank OJ with the meal. Page 011

Philippines, Vietnam sign 'open skies' deal

The Philippines and Vietnam have inked a new deal to increase air traffic between the two countries—a move expected to boost the trade and tourism sectors of both booming economies.

The Civil Aeronautics Board (CAB) on Thursday announced the signing of the latest bilateral pocket "open skies" deal, in line with the administration's air rights liberalization approach. Page 08

MV CHARLIE ELVICTOR NEWSLETTER

Load Line Marine S.A. was established in Athens, Greece and has dedicated itself towards achieving strong chartering relationships based on high quality services, offered from experienced staff both ashore and on board. The Company currently concentrates in Handy Size and Supramax geared bulk carriers.

We are pleased to announce that on 17 June, 2011, Load Line Marine took delivery of her first new building vessel named M/V Charlie, a 34,167 DWT geared Bulk Carrier built by Dae Sun Shipbuilding & Engineering Co Ltd at Busan, Korea.

M/V Charlie was named by Ms Vicky Fili at a special ceremony at Dae Sun shipyard. She is flying the Marshall Islands flag and her class is Det Norske Veritas. Her Master is Captain Sabudin J Abdon and the Chief Engineer is Araja Randy. Her maiden voyage began on June 19, 2011 from Ulsan, Korea to Paranagua, Brazil.

It is with great pleasure and anticipation that we are awaiting in June 2012 the delivery of the second new building vessel to be named M/V Delta, sistership to M/V Charlie. It will be followed by the delivery of a third ship, a 64,000 DWT bulk carrier, which is scheduled for March 2013 and will be named M/V Echo.
